Unexpected: Requests
Save Me!

WORD

Read [Matthew 14:22-33](#)

What stands out in this scripture to you?

Can you recall a time you stepped out in faith, and then became overwhelmed by worry?

When is it easiest to forget that God is with you, and to focus instead on the storm around you?

How is God challenging you to respond to His Word today?

PRAY

Thank God for His power, for being able to control the elements. Ask God for help wherever you need it, and ask Him to give you the faith to trust that He has control over it all.

LOVE

Love someone this week by giving them a hand.
