Unexpected: Provision
Warning and Wood

(Gather paper and colored pencils, crayons, markers so everyone can draw a picture of some part of this story)

WORD

Read [Genesis 6:9-22](#)

Take some time to draw, doodle, or write down your thoughts. (Someone could keep reading Genesis 7-9:18 while you're drawing) What stands out to you in this story?

What provisions and blessings was Noah able to witness, because of his obedience to God's instructions?

How is God challenging you to see and respond to His provision in your life?

PRAY

Thank God for rainbows and reminders of God's promises.

LOVE

How can you, this week, share God's abundant provision with someone who might need a reminder that God loves them?
