ACTIVATE FAITH: DEPENDENT
Surrender: My Mind

WORD

Read [Romans 1:21-23](#)

What is the danger in trusting too heavily in what you think?

Where do you see verse 23 today?

Read [Romans 12:1-2](#)

Summarize what Paul is urging believers to do and what the result will be.

Where do you struggle to trust your thinking to God and His Word?

PRAY

Pray that God would show you the thinking you are holding too tightly, and that He would soften your heart to be willing to have your thinking challenged. Pray that He would build your faith, that you would trust Him even with your thoughts. Pray for our church, that we would be quick to be redirected by His Word. And pray for leaders everywhere, that God would shape their thinking to be humble servants Him and of all people they lead.

LOVE

How can you, this week, love someone by listening to them? Whatever it is, be free of yourself, and let your listening be a sacrifice that God will find acceptable. Try to simply hear them and understand from their point of view. Give them the gift of your ears and attention.
